

## Tile Coasters

# PROJECT PLANS

**Skill Level:** Beginner

## Materials

Item	Qty
Slate Coasters	4
Ball Engraving Burr	1
Tracing Paper	1
Twine Bundle	1

## Toolbox

18V ONE +  
Precision  
Craft Rotary  
Tool

18V ONE +  
Glue Gun

USB Lithium  
Power Cutter

Black Fine Point  
Permanent Workshop  
Marker

25 FT. Tape Measure

## Project Instructions

### Step 1

Measure out where the middle is on the tile on both the horizontal and vertical using the tape measure and a pencil. Tape down letters with the tracing paper onto the tiles. Trace on top of the letters with a pencil and peel off the paper.

### Step 2

Insert the ball engraving burr into the 18V ONE + precision craft rotary tool. Set speed to low for control, then carefully engrave all of the letters into the tiles.

### Step 3

Use the power cutter to cut a piece of twine. Stack the tiles, then cross the twine under them, using the 18V ONE + glue gun to secure to the bottom. Flip them over, then tie a bow at the top and add a dot of glue to secure.
