Categories: Crafts & Decor, For Kids

TOOLS USED

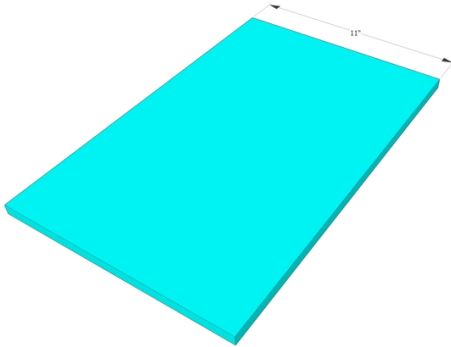

CORNER CAT® FINISH SANDER
ROUTER GUIDE
5 IN. RANDOM ORBIT SANDER
10 IN. PORTABLE TABLE SAW WITH QUICKSTAND
10 IN. SLIDING MITER WITH STAND
2 PEAK HP PLUNGE ROUTER

MATERIALS USED

CHALKBOARD SPRAY PAINT
SMALL MIDDLE HINGE
2

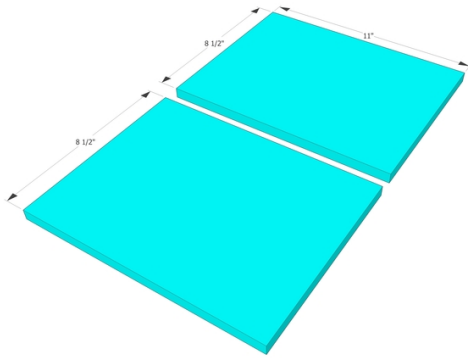

PROJECT STEPS

STEP: 1

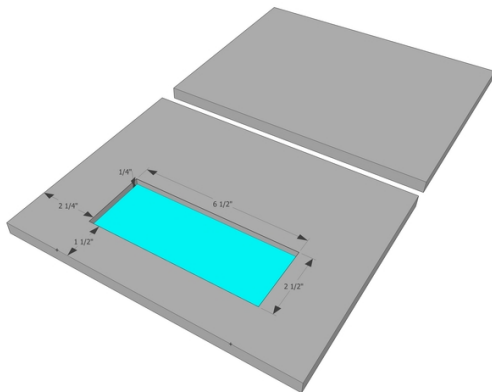

Using a table saw, rip your 1/2" sheet of plywood down to 11".

STEP: 2

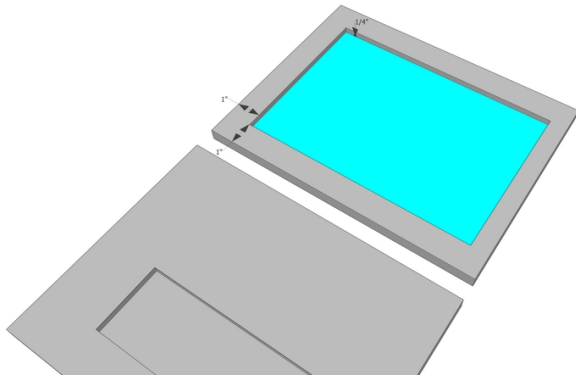

Take your 11" strip of plywood and cut (2) 8 1/2" sheets.

STEP: 3

Use your router, set to 1/4" depth, cut out a space according to the dimensions on the picture.

STEP: 4

Using your router set to the same depth, cut out a space on the upper board (this will be where the chalkboard resides) according to the dimensions on the picture.

STEP: 5

Paint and/or Stain to your liking.

STEP: 6

Attach Hinges so that when the "laptop" is open the hinges stop when the upper board is in the correct position for use.

STEP: 7

Enjoy! Have fun in the car or at home!
