### Project Instructions

#### Step 1

Cut wood to desired size to create a base and a rectangular frame around it.

#### Step 2

Sand wood in preparation for staining.

#### Step 3

Use cloths to stain wood and allow time for the wood to dry.

#### Step 4

Attach hardware to the sides of the tray.

# Project Instructions

---

## Step 5

Trace letters in the middle of the tray.

---

## Step 6

Engrave the letters into the tray.
