

## Yard Dice

# PROJECT PLANS

**Skill Level:** Intermediate

## Materials

Item	Qty
4in x 4in x 6ft Wood Board	1
White Paint	1
Cone Engraving Burr	1
Cylinder Engraving Burr	1
Dice Stencils	1

## Toolbox

				
18V ONE+ HP BRUSHLESS Cordless Rotary Tool	18V ONE+ 7 - 1/4" Sliding Compound Miter Saw	16 PC. Carving and Engraving Kit	Black Fine Point Permanent Workshop Marker	25 FT. Tape Measure

## Project Instructions

### Step 1

Measure and mark 3.5" four times on all sides of the wood to create cubes. Use the 18V ONE+ 7 - 1/4" Sliding Compound Miter Saw to cut along the marked lines.

### Step 2

Sand the cut edges of the wood in preparation for painting to avoid splinters. Use the 18V ONE+ HP BRUSHLESS Cordless Rotary tool with the Sanding Drum and Sanding Band to do so. Paint all of the blocks and allow them to dry.

### Step 3

Trace out the stencils on each block. Remove the material inside each circle, first by outlining each with the Cone- Shaped Engraving Burr. Next, remove the rest of the material with the Cylindrical Engraving Burr.
